LIVE THE ADVENTURE

Have you ever watched firefighter's fight a fire? Have you ever seen fire trucks racing to an emergency scene? Have you ever wondered what it's like to actually be a part of the excitement?

By joining the City of Wylie Fire-Rescue Explorer Post 30 you will get valuable hands-on experience with real firefighters.

BE AN EXPLORER

Explorers are a group of young men and women who have an interest in the fire-rescue profession. Explorers experience similar training, duties and actual situations that City of Wylie firefighters handle on a daily basis.

LEARN VALUABLE SKILLS

As an Explorer, you will meet bi-weekly on Saturday's at on of the cities fire stations. Meetings are conducted in a business-like manner with agenda items including new/old business, planning community projects and instruction/training sessions. Fire department personnel offer Explorers training in:

- **Fire suppression**
- **Equipment use and apparatus safety**
- **Emergency scene safety**
- **First Aid (First Responder)**
- **CPR certification**

Fire prevention, public education and safety demonstrations are also a valuable part of the community service offered by members of Explorer Post 30.

Explorers are able to participate in the Ride Along Program where they put their skills to work on emergency calls by assisting firefighters as part of the team. Saving lives, and property, as well as helping our community to be a better place to live, is always priority.

JOIN EXPLORER POST
