Fax: 949-252-0482

A key box must be mounted six feet (6'0") above the ground. It must also be mounted on the same wall as the front door. The owner of the company may choose either side of the front door for cosmetic appearances.

There are several options available at different prices ranges. The most popular box is #3208/Surface Mount. An additional shipping fee is charged; taxes are waived.

An authorized inspector of the Wylie Fire Department must sign the form unless the box is ordered via the Internet. The System Code on the order form itself (i.e. PS-11-136-08-96) means that this is the Wylie Fire Department's key code. No other city will have the same key code. For original order forms for the Knox Company, please contact Fire Administration at 972-442-8110.
