### Five Little Aliens Are Sitting on the Stars

*Original Author Unknown*

Five little aliens are sitting on the  
stars.

The first one said, "Let's go to  
Mars."

The second one said, "There are  
rockets in the air!"

The third one said, "But we don't  
care."

The fourth one said, "Let's go up  
in the sky!"

The fifth one said, "Let's fly, fly, fly.  
Then swish went the ship into  
the night

And the five little alien flew out  
of sight!

### 5 Green Aliens Finger Play

*Adapted by  
Jolanda Garcia,  
KidsSoup, Inc.*

Five green aliens flew into space.  
The first one disappeared without  
a trace.

The second one flew past the  
moon.

The third one waved "see you  
soon!"

The fourth one took off towards  
the sun.

And the fifth one looked around  
"Where is everyone?"

Then WOOSH when the fuel and  
on came the light.

And the 5 green aliens went on  
another flight!

The aliens have landed!  
It's distressing, but they're here.  
They piloted their flying saucer  
through our atmosphere.

They landed like a meteor  
engulfed in smoke and flame.  
Then out they climbed immersed  
in slime  
and burbled as they came.

Their hands are greasy tentacles.  
Their heads are weird machines.  
Their bodies look like cauliflower  
and smell like dead sardines.

Their blood is liquid helium.  
Their eyes are made of granite.  
Their breath exudes the stench  
of foods  
from some unearthly planet.

And if you want to see these  
sickly, unattractive creatures,  
you'll find them working in your  
school;  
they all got jobs as teachers!
