Prospective Bidders

Re: Addendum #2

Bid No. W2017-41-B
CITY OF WYLIE SCHOOL ZONE SIGNS

Questions:

Q) On Addendum #1 on the revised bid form under “Option B” you are asking for a cost on the “Vendor Provides Modem”. I am not sure if you are asking for a wireless system to send signals to the time clocks and program at a remote location? If this is the case then the exact locations of each sign will need to be determined because multiple components will be needed to receive this signal and distribute the information to all the other time clocks within range.

A) Yes, we are looking at wireless systems that will allow us to program and change dates and times to all signs from a remote location. See link below for map showing existing locations, the exact future locations of new signs are unknown at this time as their positions will change from where they are currently located. The range from each school zone to 949 Hensley Lane will remain the same. A note can be added under the “Additional Features” section regarding the range capabilities of the product you quote for us.

Q) In “Option B” the city is only providing the front S5-1 sign face and nothing else correct?

A) Yes, the City will only be providing the front S5-1 sign under “Option B.”

Vendors who may have already submitted a bid and feel this addendum may change their bid price may pick up their bid and return it **prior to May 11, 2017 @ 3:00 PM CT**. If picking up the bid is not feasible, any new bid submitted by your firm will supersede one previously submitted.

If you have any questions regarding this addendum, please contact the City of Wylie Purchasing Department, (972) 516-6131.

Acknowledge receipt of this addendum by initialing in the appropriate space on the Vendor Acknowledgment Page if you have not previously submitted a bid.
