

# CELEBRATE ARBOR DAY, PLANT A TREE

---

The City of Wylie Parks and Recreation Department will be celebrating our annual Texas Arbor Day on Friday, November 3, 2017 from 4 - 6pm.

This year we have partnered with the Texas Trees Foundation, and the Girl Scout Service Unit 148 to hand out seedlings of live oak and American elm trees.

Texas Arbor Day celebration will be held in the breezeway between the Wylie Recreation Center and the Smith Public Library, at the Municipal Complex located at 300 Country Club Road Building 200-300. These seedlings will be free to the public, and each one will be tagged with planting instructions.

Come join the Wylie Parks and Recreation Department as we celebrate this day set aside to rejoice in the beauty of trees, and to recognize the way they enrich our lives, communities and landscapes.
