Allen Blvd. and north of Stone Road, immediately east of Stone Grove Addition. ZC 2015-04. (R. Ollie, Development Services Director)**

Staff Comments

Development Services Director Ollie addressed Council stating that the applicant is requesting to establish permanent zoning on approximately 30 acres of land, and amend the zoning on approximately 38 acres, of which 18 acres was annexed into the City in late 2014. There currently exist 3 separate owners consisting of five tracts to be developed in accordance with the planned development conditions to create a residential development of single family dwelling of varied densities, and to provide connections to existing Stone Grove Phase I Addition to the west. Ollie noted the creek running along the development was part of the Stone Road 1 Phase and was dedicated to the City.

Planning and Zoning Commission did vote 5-1 to approve the zoning.

Development Discussion

Jim Douglas, representing Douglas Properties (applicant), addressed Council presenting a short PowerPoint. He noted the same builders would be used and would incorporate the continuation of the hike and bike trails. Mr. Douglas noted this portion of the development would be part of the Kreymer Estates. Councilman Dahl asked about the old cemetery located near the development. Mr. Douglas reported Avalon Park does belong to the City; however, he would be under brushing the cemetery and attempting to locate all the head stones, and would be building a new wrought iron fence around the cemetery area.

Douglas reported he would be working with City staff to clean up the debris and silting around the creek area similar to what was done in the Kreymer Estates. Councilwoman Culver requested that the portion of the creek near Stone Road, owned by the City, be kept on an annual clean up once Douglas Properties cleans the creek area. Mr. Douglas stated that he would notify and work with the City annually, when his equipment was onsite, to insure all the creek area is maintained.

Councilman Wintters asked Mr. Douglas what the average home price point was in Kreymer Estates. Mr. Douglas replied the average home was \$300,000 to \$400,000. This price point significantly exceeds the minimum home size and price range proposed.

Public Hearing

Mayor Hogue opened the public hearing for Zoning Case No. 2014-32 at 6:51 p.m. asking anyone present wishing to address Council to come forward.

Evan Brown, residing in the Avalon Development, requested the property lot backing up to his property be left vacant to allow for a place for wildlife and to preserve the tree line.

Mayor Hogue closed the public hearing at 6:54 p.m.

Mr. Douglas reported he would make every attempt to leave the tree line if the trees are in good condition. He reported that this was a prime lot and anyone purchasing it would be doing so for the tree line. He would also look at the lot and see if a portion could be left vacant; he noted he did not want to provide the trail to that end as this could cause "policing nightmare."

Council Action

A motion was made by Councilwoman Culver, seconded by Councilman Winters to approve a change in zoning from Agricultural (A/30) and Planned Development 2014-32 to Planned Development Single-Family (PD-SF) for single-family residential development on 69.87 acres, located east of W.A. Allen Blvd. and north of Stone Road, immediately east of Stone Grove Addition. A vote was taken and the motion passed 5-0 with Councilmembers Jones and Whitney absent.

Staff Comments

Lot 2C currently contains existing retail/commercial uses, while Lot 2B will be a future development for retail/commercial purposes. - **FY 2015-2016 Budget Discussion and Overview**

City Manager Mindy Manson addressed Council presenting an overview of the proposed FY2015/2016 Budget. She noted this was very preliminary. Manson reviewed some assumptions which included a 9% increase in estimated property value and a 5% increase in sales tax for FY 2015/2016 on the revenue side. Expenditures assumed a 10% increase in employee health insurance, a Public Safety step increase, and the implementation of merit-based salary increases; based on performance for non-sworn personnel. This assumption also includes base revenue and expenditures for each department.

Factoring in these assumptions, the estimated excess balance for FY 2015/16 is approximately \$1,981,000. Manson reported there were 35 requests for new or upgraded personnel positions totaling to \$1,806,449 with equipment costs associated with new personnel estimated at \$344,446. Non-Personnel requests from all departments totaled \$2,428,522. These costs were not included in the assumptions.

Manson reviewed the General Fund Balance for 2015/2016 to be 30%, included in that percentage is the use of \$200,000 for Debt Service. She reported this percentage was above the reserve fund goal of 25%. Department presentations will take place July 16, 2015 and July 21, 2016 to continue the budget discussions.
