EGGS IN A NEST

Here's an egg in a nest up in a tree. (make fist with right hand and place in palm of cupped left hand)
What's inside? What can it be? (shrug shoulders)
Peck, peck, peck, peep, peep, peep.
Out hatches a little bird, (Wiggle fingers or fisted hand)
Cute as can be!

Five Little Birds

Five little birds in a nest in a tree (hold up right hand)
Are just hungry as can be
"Peep", said baby bird number one (wiggle one finger)
Mother bird promised she would come
"Peep, Peep", said baby bird number two,
If she doesn't come what will we do?
"Peep, Peep, Peep", said baby bird number three,
I hope she can find this tree.
"Peep, Peep, Peep, Peep", said baby bird number four,
She never was so late before.
"Peep, Peep, Peep, Peep, Peep", said baby bird number five,
When will our mother bird arrive?
Well, here she comes to feed her family (use left hand as mommy bird)
They're all as happy as can be!

WHERE DO WE LIVE?

A squirrel has a nest in a tree.
A frog makes a nest out of gel.
Turtles build their nest in the sand. They think it's grand!
Birds build their nests in trees.
Gator's nest is in the swamp.
But people live in houses—
Do you think that's best? OR
would you rather live in a nest?

FIVE EGGS AND FIVE EGGS

Five eggs and five eggs (hold one hand and then another)
Are underneath a hen.
Five eggs and five eggs (hold up all fingers)
And that makes ten.
The hen keeps the eggs warm for three long weeks (hold up three fingers)
Snap go the shells with tiny little beaks. (Snap fingers)
Crack, Crack, the shells go, (Clap four times)
The chickens, every one,
Fluff out their feathers in the warm spring sun. (make circle of arms)
